Greetings from the Conference Coordinator

2024 MoSRT Annual Conference

Greetings colleagues, there are so many great things coming up, I am not sure where to start!

Have you heard we moved the conference? Columbia has been a great place where we have spent many years, but we wanted something new, something fresh. So, we are going to Margaritaville at the Lake of the Ozarks. What a great location where we can serve you with new ideas. Let me briefly tell you what is going on.

Wednesday, we will start at our usual time with two lectures. It is my honor to inform you of our renamed memorial lecture. As many of you know, our dear friend and mentor, Norman L. Hente passed away this past year. He was such an inspiration to all of us. We have renamed our memorial lecture in honor of Norman. We hope you will join us as we continue to honor Norman by presenting the Norman L. Hente Memorial Lecture. Dustin Ward will be our first Hente Lecturer.

A very popular student activity on Wednesday has been trivia night. Our student activities chair, Casey Scott, has come up with another great activity; a scavenger hunt which will utilize our beautiful location. Look for more details soon.

Thursday comes along with a full day of lectures and education. We will have two tracks with student-specific lectures along with technologists' lectures in a separate room. Then Thursday night has our student bowl. Who doesn't love a student Bowl?

Friday begins with lectures for everyone. In between all these activities, there will be business meetings where we conduct the business of the affiliate.

A couple of reminders; please note on the registration form a section where you can tell us if you will be eating with us. Although there are lots of places to eat at the resort, to keep costs down, it is helpful to know if you plan to eat with us. As you can imagine, food is our greatest expense at the conference. Please be mindful when you are checking those boxes. It helps keep our costs down and therefore keeps your costs down to attend.

We have lots of special speakers this year. Our national professional society, ASRT will be sending some representatives to welcome you all to the conference.

Always be mindful that although we all want to have fun, this is a professional gathering. Expectations include everyone respectfully conducting themselves. Remember, you might be meeting your future boss at the conference!

So many new things are coming your way, and we hope you will enjoy the new location with the same quality educational sessions. We look forward to seeing you all soon.

Diane Hutton BA RT(R) FMoSRT ARRT
2024 MoSRT Conference Coordinator

"It takes no more time to see the good side of life than the bad." Jimmy Buffet
